Ms. Gallatin is a *Certified Protection Professional (CPP)*, *Physical Security Professional (PSP)*, *Industrial Security Professional (ISP®)* with over 30 years of industrial security experience covering a diverse array of specialties: security consulting, security management, computer security, and asset protection. Her expertise includes a thorough knowledge of, and the ability to apply security requirements to, all aspects of industrial and government security.

Ms. Gallatin began her security career with TRW Defense Systems Group in Houston, Texas where she was a Computer Security Specialist for the Space Shuttle Program. She later expanded her security qualifications, performing computer security, physical security, information security, and security management functions for Lockheed Missiles & Space Company in Austin, Texas. While at Lockheed, Ms. Gallatin was awarded numerous honors for meritorious service by her employer and the government customers with whom she worked. Diane Gallatin and her security team earned the prestigious *Cogswell Award for Security Excellence* from the Defense Investigative Service in 1995, an honor presented to only one-half of one percent of *all* government contractor companies that year. Since then, Ms. Gallatin has led the efforts that resulted in the Cogswell Award being awarded to two additional defense contractor companies.

Since 1997, Diane Gallatin has been the President of Integrated Security Solutions. In this capacity, she has assisted clients in such projects as security systems specification development, security surveys and risk assessments, security policy and procedure development, intellectual property protection, and professional security training.

Diane Gallatin holds an MA (Master of Arts) in Criminal Justice from St. Edward's University in Austin, Texas. She received her undergraduate degree from St. Mary's University in San Antonio, Texas, obtaining

a BA in Computer Science. Since completing her formal education, Ms. Gallatin has attended as well as presented numerous continuing education sessions. She is a Founding Member and Officer of the Central Texas Chapter, American Society for Industrial Security (ASIS). Ms. Gallatin was also a Founding Member and an Officer for several years in the Austin Metro High Tech Foundation, an organization that combined the strengths and resources of industry and law enforcement to fight high tech crime. Additional professional affiliations include the National Classification Management Society (NCMS) and the Capital Area Crime Stoppers, both of which she has served in positions such as Secretary, Vice Chair and Chair.
